

PERMISSION TO TRANSPORT SELF IN A NON-DISTRICT OWNED VEHICLE TO A SCHOOL-SPONSORED EVENT

At times, it may be necessary for students to drive themselves in order to participate in an official, school-sanctioned activity that has been approved by a school administrator. It is recognized that only students who demonstrate responsibility are extended the driving privilege.

As the parent/guardian of _____, I give permission for my child to drive him/her self to the officially sanctioned activity described below. Butler Tech does not allow students to transport other students. If this should occur, we understand we are violating the expectations of Butler Tech and the rules of this class.

Official Program Name

Signature of Teacher

- I understand:
 - This permission only applies to the activity described below.
 - The student will drive directly to and from the activity.
 - The student will wear a seat belt.

- I verify that:
 - My student has automobile insurance.
 - I consider my student to be a safe driver.
