

Butler Tech is 100% committed to an education revolution.

Butler Tech is a public school of choice and is one of the largest career technical schools in Ohio. Our passionate educators are on a shared mission of transforming lives to make students career-ready and college-prepared. We serve more than 17,000 students daily on Butler Tech's five campuses, and in classrooms within our 11 associate school districts. Butler Tech also serves adult students providing training programs for in-demand careers in healthcare, manufacturing, public safety, and commercial trucking.

Leading the way in creating a new educational model for 21st century learning; ending outdated "one-size-fits-all" education.

Introducing The Fifth Day Experience

What: A second semester four-day school week for students and teachers on all secondary Butler Tech campuses

Why: Butler Tech believes flexibility fosters opportunity, and that personalized learning extends beyond the classroom...**Learning EVERYWHERE!**

The Fifth Day Experience is an opportunity to transform students' learning experiences and take education to the next level. The Fifth Day Experience personalizes learning and growth through innovation and the modernization of public education.

The Fifth Day Experience provides students opportunities to pursue their passion, fulfill their purpose, and make an impact!

Details of The Fifth Day Experience:

- Four-day school week for students and teachers
- Innovative reconfiguration of the traditional school calendar = same number of school days/hours
- Students are empowered to personalize their own Fifth Day Experience
 - Enhance students' learning experiences
 - Expand students' personal growth

Fifth Day Experience Community Impact:

- Increased Partnership opportunities
- Butler Tech/Career Tech exposure and impression

For Butler Tech Students The Fifth Day Experience is for:

- | | | |
